

# RECALL Dallas Brodie

## Is your MLA working for you?

In October 2024, we elected an MLA to represent Vancouver-Quilchena's interests in Victoria. Instead, Dallas Brodie was expelled from the BC Conservative caucus just months after taking office for mocking abuse survivors. She has since prioritized starting a new political party over the needs of her constituents.

Our tax dollars should fund local constituent services, not a province-wide tour for her personal political agenda. Dallas Brodie does not show up for the constituents of Quilchena in the legislature, let alone the community.

Vancouver-Quilchena deserves a full-time representative who puts our needs first.
